### Reviewing and Approving Annual Assessment (IE) Reports for College/Division

- 2 Log into the Nuventive Improvement Platform to access the assessment plans for the program or units in your college or division. Access Nuventive through the myLEO App or [www.tamuc.edu/ie](http://www.tamuc.edu/ie).
- 3 Navigate to the Dean/VP Review menu option of the Plan Review/Approval area within each plan, open the Review/Approval Form, and complete your review of each annual report. For your reference, the following are provided in the resource viewing pane on the right side of the screen:
  - The IE Assessment Four Column Report and the Mapping Report
  - Assessment Review Rubrics previously completed by the Direct Supervisor/Department Head and the IE Representative noting areas in which the assessment plan excelled, was acceptable, or needed revisions
- 4 Enter an Initial Review Decision and Date. If revisions are requested, contact the IE Author directly to inform them of this request. If the report is approved, no additional action is required.
- 5 If revisions were requested, once notified of their completion by the IE Author, return to the Review/Approval Form, review the changes made (as reflected in the IE Assessment Four Column Report), and mark a Final Review Decision.

All annual reports for the programs/units within your college/division must be approved by the Dean/VP review deadline.
