Estimated Cost Projections: W.T. White Dual Credit at 8750 N Central Expressway, 2024-2025

Tuition and Fees

Expected tuition and fees for the 2024-2025 school year.

Texas A&M Commerce will to adhere to principles of the Financial Aid for Swift Transfer (FAST) Program, promulgated in HB 8 (Texas Legislature, Eighty-eighth Regular Session). FAST provides for state support for dual credit tuition for students on the National School Lunch Program. For the purposes of our agreement:

- The University will share student names and identification information to the Texas Higher Education Coordinating Board (THECB) which will, in turn, share with the Texas Education Agency (TEA).
- The TEA will confirm which students are a part of the National School Lunch Program with the THECB, and the THECB will share that information back to the University.
- The THECB will pay the University the current THECB set rate of \$56.87/credit hour for students eligible for the FAST program.
- The District and University will work together to streamline and ensure accuracy of dual credit enrollments, class rolls, and billing.
- The University will bill the District \$56.87/credit hour after census date for all students not eligible for FAST program, at the current THECB set rate for the academic year.

The University’s performance of duties under this addendum is specifically contingent upon receipt of adequate funding from the State of Texas and its other funding sources.
